Bigelow-Hartford Carpets and Rugs

The palatial Providence-Biltmore Hotel, which formally opened June 6th, 1922, is acknowledged to be one of the most beautiful hotels in the United States.

At the Opening Banquet the Management stated that the Providence-Biltmore was an advance over anything that had ever been done in the other hotels of the "Bowman chain;" that no expense had been spared in making

this the most elegant hotel in the country; and that the principle adopted in equipping this hotel had been to seek the best first, and ask the price afterward.

In view of that statement, the fact that the Providence-Biltmore Hotel is carpeted throughout with thirty thousand yards of the very best qualities of Bigelow-Hartford carpets and rugs exclusively, is significant of the high regard in

which hotel men hold Bigelow-Hartford floor coverings.

Furthermore, that these thirty thousand yards were produced by the Bigelow-Hartford mills simultaneously with another order of twenty-seven thousand yards for another "Bowman" enterprise—the Westchester-Biltmore Country Club, Rye, New York—speaks eloquently of our exceptional facilities.

Bigelow-Hartford carpets and rugs can be procured from almost any reputable dealer.
